

SMS notification is live on HSBC Credit Cards

22 June 2020

We are pleased to announce that we have launched SMS notifications for selected credit card transactions for now and will soon be extended to overseas transactions.

You will automatically receive SMS notifications for online credit card transactions in Mauritian Rupee, which are equal or more than more than Rs.500. This applies only for approved transactions made on local e-commerce websites.

The SMS notification will contain the following information on your credit card transaction:

- ◆ merchant name
- ◆ date
- ◆ time
- ◆ amount in the currency transacted i.e. in Mauritian Rupee.

Important note:

- ◆ This additional confirmation is an extra security feature which will help you identify if a transaction is not made by you. If you receive an SMS for a transaction which has not been done by you, **inform us immediately**.
- ◆ Your mobile phone records with us should be updated to ensure that you receive the SMS notification. **Update your personal contact details now.**
- ◆ This service is available free of charge to all HSBC credit cardholders: Visa Platinum, Visa Gold, Visa Classic, MasterCard Gold and MasterCard Standard.

For any query, please:

- ◆ [Contact us](#)
- ◆ Email us on hsbcmauritius@hsbc.co.mu
- ◆ Contact your Relationship Manager if you are an Asset Vantage customer.
